Honeywell Millennia 2G

Millennia 2G

Frame: Black

Lens: Clear, Hard Coat

Overview

Reference Number

1032175

Product Type

Eye and Face Protection

Range

Spectacles

Line

Single lens

Brand

Honeywell

Industry

- Automotive and Part Manufacturer
- Building and Construction
- Energy or Electricity
- Food Industries
- General Industry
- Industrial Cleaning
- Laboratory
- Logistics
- Maintenance
- Medical and Pharmaceutical
- Offshore
- Services
- Ship Building
- Telecoms
- Textile Industries
- Transportation
- Utilities
- Wood Industries

Product Use

Spectacles for occupational use.

Clear lens is ideal for indoor use where eye protection is required against most commonly encountered hazards. Absorbs > 99.9% of UV radiation up to 385 nm.

Features & Benefits

Feature

Simplicity “Put it on and GO!”

Benefit

Millennia 2G is new to Honeywell’s “Put it On and Go” category, designed for those hassle-free workers who don’t want to worry about adjustments or moving parts with their spectacles. No need to worry about lengthening temples, nose piece adjustments or ratcheting temples. Simply take the product out of the package, put it on and focus on the job at hand!

Feature

Comfort

Benefit

Softer, more flexible frame material for superior comfort against the head and ears when worn for all-day wear.

Feature

Superior eye and cheek coverage

Benefit

Covers the eyes and areas above the cheeks and brow to ensure that the workers are protected from particulates, dust and other impact risks. A greater lens coverage wrap both peripherally and along the cheeks helps prevent particulate risk. A “shelf-like” design element along the brow has been added to help to prevent dust from dropping in between the frame and entering the eyes.

Feature

Large viewing area

Benefit

Offers panoramic viewing area to see more both frontally and peripherally while working. Less “frame interruption”, which is a typical complaint from end-users when trying to look towards the left, right, above and below to see clearly in all directions.

Feature

Nasal comfort and stability

Benefit

The comfortable nose pads help prevent the eyewear from slipping off the nose and forcing the worker to have to readjust their eyewear throughout the course of the work day.

Feature

Sporty, more modern frame

Benefit

Classic and simple in design with a sporty touch to boost worker compliance

Procedure 1153-ECS-13 MILLENNIA 2G -family for UV & sunglare filtering action

Hello and best regards from Aalen, Germany!

We are going to continuously working and probably to finishing the file 1153-ECS-13, the testing, assessment and certification of one type / three variants of MILLENNIA 2G eye-protection spectacles providing UV and sunglare filtering action. Please find herein the test report and the revised EC-type examination certificate C1570.3HON. Please check all the documents very carefully and let us know any comments - also if there is a need for corrections.

Thank you for your order; we hope that we performed all the measurements, the assessments and the certification to your very satisfaction. And we are looking forward for new contacts and orders.

If you need any further information and/or if you got any further question, please do not hesitate and contact me immediately.

Dr. Bernhard Schmitz
ECS manager

ECS GmbH - European Certification Service

EC-type examination certificate

C1570.3HON

Applicant / manufacturer	Honeywell Safety Products 10, Thurber Blvd. SMITHFIELD, RI 02917 USA
Identification of the manufacturer	HON
Product type	Eye-protector, safety spectacles with filtering action, welding, UV and sunglare filters
Model name	MILLENNIA 2G - Spectacles for occupational use, see schedule identifying the different models
Standard(s) / technical rules	DIN EN 166 : 2001 & DIN EN 169 : 2002 & DIN EN 170 : 2002 & DIN EN 172 : 1994 + A1 : 2000 + A2 : 2001 Essential requirements according to Annex II of the PPE-Directive 89/686/EEC
Test reports	1087-ECS-13, 1153-ECS-13
Material	Lenses: polycarbonate Temples: plastics
Marking	Welding: X HON 1 FT Z - 166 FT CE UV: 2C-Y HON 1 FT Z – 166 FT CE Sunglare: 5-Z HON 1 FT Z – 166 FT CE for details see schedule for the different models

Herewith, ECS certifies that the named models comply with the basic requirements for health and safety as they are provided by the European Directive for Personal Protective Equipment 89/686/EEC. This certificate is based both / either on the test results as they are summarized in the named test reports, and/or on the technical documentation as it is delivered by the manufacturer. The applicant / manufacturer agrees to the General Business Rules of the ECS GmbH and to additional agreements as they are named in the application for conformity assessment.
The eye-protection device is to be marked as assigned. Either / both the frame and / or the ocular, spectacle, goggle or shield must be signed, as appropriate. If different marking has been assessed, the lowest marking must be applied, respectively.
The validity of this EC-type examination will expire, if the manufacturer modifies the safety-relevant properties of this product with comparison to the tested one or if the requirements in the standards or technical rules will be revised and/or tightened.
Name, address and identification number 1883 of the notified body ECS must be indicated in the information brochure of this product.

This EC-type examination certificate is valid until 2018-09.

Safety Eyewear

Honeywell

SIMPLICITY, COMFORT, SUPERIOR EYE & CHEEK COVERAGE, LARGE VIEWING AREA

Millennia® 2G
Changing the Eyes of Safety

You told us it is time for a change

"Give us a simple, comfortable pair of eyewear that does not need to be adjusted, that still offers excellent eye and cheek coverage, has great peripheral and panoramic vision, zero slippage in the nasal area and a great style to boost wearer acceptance!"

Safety Manager
That's why we created Millennia® 2G.

Together, we're changing the eyes of safety

We have listened to you and your workers. You have clearly explained what your needs are and together we have developed **Millennia® 2G**. The newest safety eyewear from Honeywell Safety Product, the **Millennia® 2G** features simplicity, excellent protection, comfortable fit and stylish design.

NEW to our "Put it On and Go!" category

SIMPLICITY "PUT IT ON AND GO!"	Millennia® 2G is new to Honeywell's "Put it On and Go" category, designed for those hassle-free workers who don't want to worry about adjustments or moving parts with their spectacles. No need to worry about lengthening temples, nose piece adjustments or ratcheting temples. Simply take the product out of the package, put it on and focus on the job at hand!
COMFORT	Softer, more flexible frame material for superior comfort against the head and ears when worn for all-day wear.
SUPERIOR EYE AND CHEEK COVERAGE	Covers the eyes and areas above the cheeks and brow to ensure that the workers are protected from particulates, dust and other impact risks. A greater lens coverage wrap both peripherally and along the cheeks helps prevent particulate risk. A "shelf-like" design element along the brow has been added to help to prevent dust from dropping in between the frame and entering the eyes.
LARGE VIEWING AREA	Offers panoramic viewing area to see more both frontally and peripherally while working. Less "frame interruption", which is a typical complaint from end-users when trying to look towards the left, right, above and below to see clearly in all directions.
NASAL COMFORT AND STABILITY	The comfortable nose pads help prevent the eyewear from slipping off the nose and forcing the worker to have to readjust their eyewear throughout the course of the work day.
SPORTY, MORE MODERN FRAME	Classic and simple in design with a sporty touch to boost worker compliance.

Millennia® 2G Safety Eyewear

MILLENNIA® 2G IS AVAILABLE IN A WIDE VARIETY OF LENS TINTS TO MEET A BROAD RANGE OF WORKING CONDITIONS AND SITUATIONS.

REFERENCE	FRAME	LENS	TREATMENT	LENS MARKING
1032175 	Black	Clear	Anti-Scratch	2C-1.2 HON 1 FT K
1032176 	Black	Grey	Anti-Scratch	2C-2.5 / 5-2.5 HON 1 FT K
1032177 	Black	Yellow HDL	Anti-Scratch	2C-1.2 HON 1 FT K
1032178 	Black	Silver I/O (In/Out)	Anti-Scratch	2C-1.7 / 5-1.7 HON 1 FT K
1032179 	Black	Clear	Fogban/Anti-Scratch	2C-1.2 HON 1 FT K N
1032180 	Black	Grey	Fogban/Anti-Scratch	2C-2.5 / 5-2.5 HON 1 FT K N
1032181 	Black	Yellow HDL	Fogban/Anti-Scratch	2C-1.2 HON 1 FT K N
1032182 	Black	IR3	Anti-Scratch	3 HON 1 FT K
1032183 	Black	IR5	Anti-Scratch	5 HON 1 FT K

Certified to the requirements of the **EN166 standards.**

Millennia® 2G is sold with a lanyard.
