39.6g

Jugulaire 4 points
Designed to break when submitted to a force between 150N and 250N

Matériau
16mm Woven Nylon Webbing and Nylon Buckles

CARACTÉRISTIQUES

SECURE FIT

With four attachment points, the Baseworker™ chinstrap provides a secure fit and helps to hold the helmet firmly in place even during vigorous movement.

ADJUSTABILITY

The chinstrap is easy to adjust on the head. Size and anchorage point adjustment offer a tailored fit for different head sizes, increasing stability and comfort.

COMPATIBILITY

Specially designed for use together, the Baseworker™ chinstrap is tested and certified in combination with JSP® EVO® helmets to ensure full compatibility.

EN 397 COMPLIANT

Automatically releases under forces of 150-250N for safety in case the helmet or strap gets caught on something, in accordance with EN 397 requirements.

QUICK RELEASE BUCKLE

The chinstrap features an ergonomic quick release buckle allowing it to be unfastened easily for fast removal of the helmet.

EASY FITTING

Fitting the chinstrap is easy. Simply attach to the helmet shell, put the helmet on, then adjust the strap to a comfortably secure fit.
