Specification Sheet – CYL-600

Water Capacity	3 litres
Charging pressure	200 bar
Test pressure	300 bar
Volume of air at 200 bar	600 litres
Material	Steel
Colour	Grey with black and white quarters
Specification	CE specification in accordance with the PED
Dimensions	Approx 110mm diameter x 375mm long
Fully Charged weight	Approx 4.75kg
Duration based on 40lpm	15 minutes

CYL-600 is fitted with a 200 bar cylinder valve

Material Specification

Body	Nickel plated brass
Spindle	Brass
Handwheel	30% Glass filled polyamide
O-Rings	Nitrile
Buffer	Polycholorprene Rubber

Connection Type

DIN type to EN144-2

Handwheel

Locking handwheel – Spring loaded ratchet mechanism

Valve Neck Thread Type

M18 x 1.5 Parallel to EN144-1
