Specification Sheet – CYL-1640

Water Capacity	6 litres
Charging pressure	300 bar
Test pressure	450 bar
Volume of air at 200 bar	1640 litres
Material	Steel
Colour	Grey with black and white quarters
Specification	CE specification in accordance with the PED
Dimensions	Approx 140mm diameter x 610mm long
Fully Charged weight	Approx 10.5kg
Duration based on 40lpm	41 minutes

CYL-1640 is fitted with a 300 bar cylinder valve

Material Specification

Body	Nickel plated brass
Spindle	Brass
Handwheel	30% Glass filled polyamide
O-Rings	Nitrile
Buffer	Polycholorprene Rubber

Connection Type

DIN type to EN144-2

Handwheel

Locking handwheel – Spring loaded ratchet mechanism

Valve Neck Thread Type

M18 x 1.5 Parallel to EN144-1
