PRODUCT DATA SHEET

PUMA SAFETY

ICONIC SUEDE NAVY LOW S1PL ESD FO HRO SR

Art. No 64.002.0

Protection:	fiberglass toe cap and flexible FAP® midsole
Plus:	idCELL, ROTATION POINT
Upper:	High quality suede leather
Lining:	BreathActive functional lining
Footbed:	evercushion® RELIEF
Sole:	300 °C heat resistant rubber outsole with excellently slip resistant herringbone pattern and idCell
Colour:	blue
Sizes:	39 - 48

FAP FLEXIBLE ANTI-PENETRATION

COMPOSITE · SLIP RESISTANT · HRO SOLE · BIG SIZES · UNISEX · METAL FREE · ESD

RUBBER SOLE HERITAGE

The 300°C heat-resistant rubber outsole has an excellently slip resistant herringbone pattern with optimum grip.The softer rubber midsole grants underfoot cushioning and shock absorption. By increasing the rotation point, friction and thus fatigue are greatly reduced. The wide frame ensures all around perfect stabilization.

ROTATION POINT

The special feature of the sole is the integrated rotation point. Tis point in the area of the inner metatarsus is the most severely strained part while walking. By reinforcing the rotation point, friction and thus fatigue is greatly reduced.

EVERCUSHION® RELIEF

The contoured evercushion® RELIEF footbed follows the shape of the foot and ensures pressure relief. A specially coordinated arch support enables the foot to be positioned naturally in the shoe and stimulates the muscles while walking. A layer of particularly soft and stable foam guarantees extra cushioning and thus superior shock absorption. Grooves on the underside of the insole ensure that the sole does not slip in the shoe.

idCELL

The idCELL in the heel and forefoot area consists of a very soft shock-absorbing EVA material. It perfectly absorbs impacts and shocks when the heel strikes the ground.
