MTS® MORE THAN SAFETY — White

FREEZ - OV S2 HI CI SRC
Réf. : 45202

Suitable for :	Inside
Type :	Low shoe
Activity :	Food industry, Catering, Medical / Chemical Industry
Upper :	Dry-Tek® material, thickness 2.2 mm, acid resistant, washable and breathable
Lining :	Artico® "Refreshing" treatment with integrated scented microcapsules
Tongue :	Dry-Tek® material
Ankle protection :	
Fastening :	Elastic closure on the instep
Toe cap :	Ultralight, extra large, made of athermic and non-magnetic composite material, with crush and impact resistance of 200 joules
Midsole :	
Insole :	Thermoformed, anatomical, foam dual density, activated carbon, antistatic and antibacterial
Sole :	PU 2D exclusive SOFT SYSTEM® platform, antistatic, HI-CI
Sole pattern :	Special non-slip gripping on smooth and greasy floors, SRC standard
Weight (Kg/pair) :	0.943 size 42
Colors :	White and grey upper and white/light grey outsole
Sizes :	35-48 (2-13)
Standard :	EN ISO 20345:2011 SRC
CE certificate of conformity N° :	0075/020/161/03/18/0511-EXT 28/08/18
Special features :	Overcap reinforcement by R-PU injection method, high abrasion and impact resistance
Special features 2 :	Upper without side stiching: no water infiltration risks, washable up to 60°C
Special features 3 :	Dry-Tek® material resistant to 12 acids and corrosive fluids (standard EN 13832-2)

SPECIAL FEATURES

200 joules light composite toecap

Metal free, non magnetic

Water absorption and penetration resistance of upper (WRU)

Embout composite
Composite toe cap

A TPU strip injected directly over the toecap makes it invisible and very comfortable.

Doublure ARTICO

Integrated eucalyptus-scented microcapsules, “Refreshing” system, provide high absorption and desorption power
& greater hygiene and breathability

GENERAL FEATURES

Antistatic properties (A)

Heel energy absorption (E)

Abrasion resistance

Crampon sole

200 joules extra-wide toe cap

Heat-insulated sole (HI)

Cold-insulated sole (CI)

Hyper-ventilated lining
